About us

Talon has been Manufacturing quality Products for over 30 years. The first Talon pipe clips were moulded in May 1986 and the company has expanded over the years and is now recognised as market leader in the manufacture of pipe clips and associated fixings.

Product Range

Talon offers the widest range of Pipe Clips available in the UK which includes clips for all pipe sizes from 8mm to 35mm. Multilayer pipes are catered for with the Talon 'Flexi' Hinged Clip range and all Talon clips are now available colour coded to assist the specifier, installer and end user.

Research & Development

The expansion of the Talon Cover Profile range in the past has seen the addition of Skirting Profiles and profiles to cover unsightly boiler pipework.

Quality Control

Talon is proud to hold several Internationally recognised Quality certifications that have been issued by Lloyds Register who are accredited by UKAS (see website for certificates and information).

In June 2012 Talon joined Davidson Holdings Limited becoming another quality manufacturer within the group.

Talon Clips

We offer a varied range of clips suitable for all pipes including PEX, Copper, MDPE and PVC pipework to suit all plumbing needs.

Hinged Clips

The Talon Hinged Clip offers a 360° fixing for pipework. Manufactured in the UK this high quality polypropylene clip offers the user a secure fixing. All sizes of the Hinged Clip can be connected together via the dovetail to allow for equal pipe spacing.

Single Hinged Pipe Clip

The Single Hinged Clip is available in a range of sizes both 'standard' format and 'Flexi-Clip' style.

Code	Size	Bag Qty	Box Qty
TS10	10mm	100 per bag	Box of 1000
TS12	12mm	100 per bag	Box of 1000
TS15	15mm	100 per bag	Box of 1000
TS18	18mm	100 per bag	Box of 1000
TS22	22mm	100 per bag	Box of 1000
TS28	28mm	50 per bag	Box of 500

Flexi Hinged Pipe Clip

The Flexi Clip range offers the user a clip capable of holding pipe of varying diameters between an upper and lower limit.

Code	Size Range	Bag Qty	Box Qty
TS14	12.7 - 14mm	100 per bag	Box of 1000
TS16	15 - 16mm	100 per bag	Box of 1000
TS20	19 - 21mm	100 per bag	Box of 1000
TS25	25 - 27.4mm	50 per bag	Box of 500
TS35	31.8 - 35mm	50 per bag	Box of 500

Double Hinged Pipe Clip

To compliment the Single Clip, Talon also offers a range of Double Hinged Clips. Double Clips are easy to fit requiring only a single central screw fixing. The Double Clip is designed for use in conjunction with Talon Pipe Cover see pages 27 - 31.

Code	Size	Bag Qty	Box Qty
TD10	10mm	50 per bag	Box of 500
TD15	15mm	50 per bag	Box of 500
TD22	22mm	50 per bag	Box of 500

Quick-lock Clips

A range of robust clips designed to withstand repeated opening and closing offering secure 360 degree pipe retention. This range of hinged clips provides a very secure grip when the pipe is in place and the snap tight locking top offers complete security of the pipe. The high stand-off allows for lagging and heat circulation.

Quick-lock Single Clip

Code	Size	Inner Box Qty	Outer Box Qty
QS15	15mm	100 per box	Box of 1000

Fixing Plugs

Designed and manufactured in the UK by Talon, these fixing plugs are manufactured from premium grade polymer.

Fixing plugs are designed to expand in two directions. This movement provides rapid fixing and high pull-out values. Plugs are also moulded with protruding side fins which restrict rotation and prevent fallout when fixing overhead.

Screw Compatibility

Snappit

Snappit is a rigid pipe finishing product that is great for covering unsightly, visible, copper pipework. It is the best, mess-free, alternative to painting - saving time and improving appearance.

The material used for Snappits has colour fastness properties and unlike competitor products, is guaranteed for a minimum of 10 years.

- ✓ Made from the quality grade uPVC
- ✓ Will not discolour or chip
- ✓ Available in multiple lengths and widths (cut to any size) this allows you to finish various configurations with perfection
- ✓ Not only covering pipes but by using our pipe collars you have a seamless join to wall/floor

Pipe Cover

Talon Pipe Cover has been designed to offer a compact, neat and easy solution where unsightly pipework needs to be covered.

Available in 15, 22 & 28mm single and 10, 15 & 22mm double styles, it can be fitted directly onto the Talon Hinged Pipe Clip - an integral part of the Talon Hinged Pipe Clip range (see page 01-04)

Pipe Cover

Manufactured in extruded white uPVC, this quality grade material is rated to a UL94V-0 flame spread rating. It is also resistant to both mild acids and alkalis.

Our Pipe Cover has excellent resistance to weathering making it suitable for both interior and exterior use. Correctly supported, Pipe Cover can be used at temperatures ranging from -10°C to +60°C if in direct contact with pipe. Cover can be used with pipe heated to +80°C if not in direct contact. A wide range of accessories is available (see page 30) Backplates are also available to offer additional support or when fixing over existing pipework.

Single Pipe Cover

Code	Size	Length	Pack Qty
CVS15/3	15mm	3m	12 lengths per pack
CVS22/3	22mm	3m	12 lengths per pack
CVS28/3	28mm	3m	12 lengths per pack

Double Pipe Cover

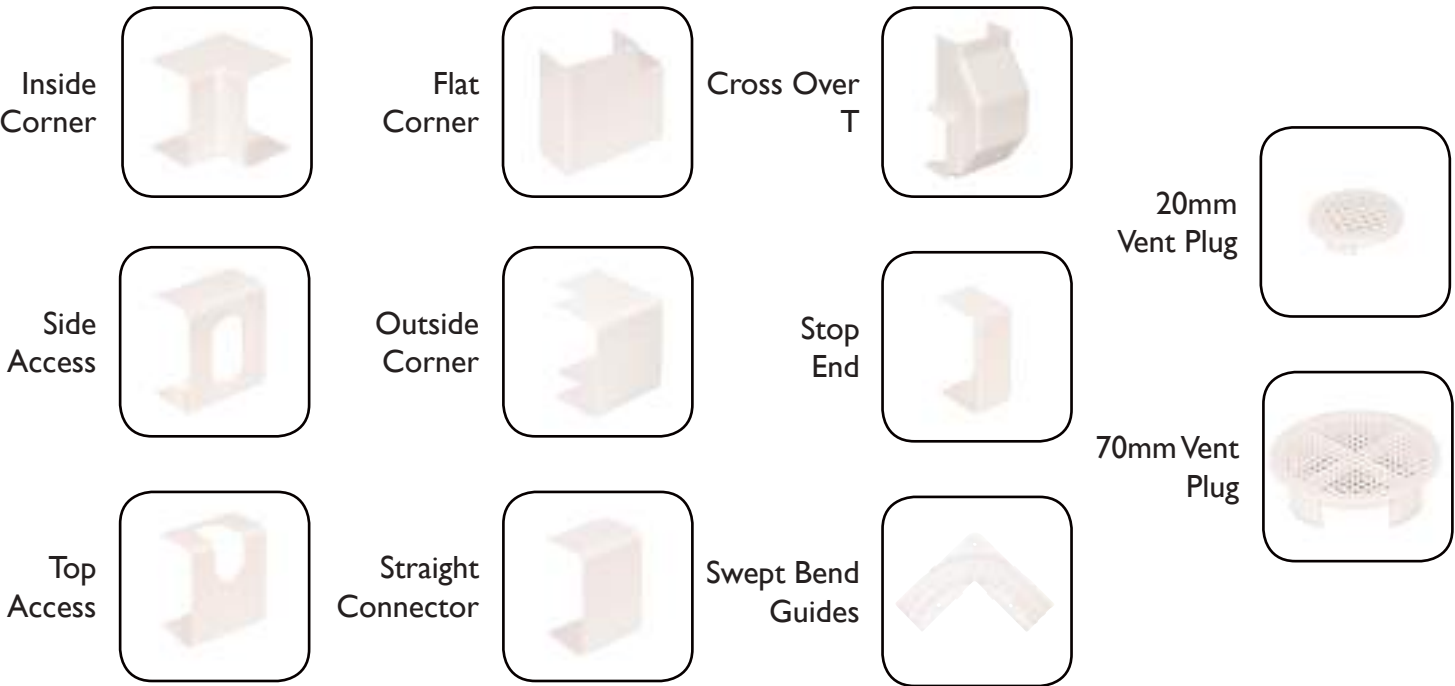

Code	Size	Length	Pack Qty
CVD10/2.5	10mm	2.5m	12 lengths per pack
CVD15/2.5	15mm	2.5m	12 lengths per pack
CVD22/2.5	22mm	2.5m	12 lengths per pack
CVD10/3	10mm	3m	12 lengths per pack
CVD15/3	15mm	3m	12 lengths per pack
CVD22/3	22mm	3m	12 lengths per pack

• Cover snaps directly onto Hinged Clip

Suggested Specification

All 10mm, 15mm, 22mm & 28mm pipework should be fitted with Hinged Pipe Clips (see pages 3 & 4) from the Single Hinged Pipe Clip or Double Hinged Pipe Clip range. Where exposed pipework needs to be covered Talon uPVC Pipe Cover should be used fitting directly onto the Hinged clips.

Pipe Cover

Our full range of accessories are available to suit the Double Cover making it perfect for most applications. The accessories should be attached to the cover using uPVC Solvent Weld Glue.

Backplate for retrofitting

Backplates are useful when retro fitting cover over existing pipework where a different style of pipe clip has been used. Backplates can also be used to give extra support to the cover in difficult situations. Backplates are available for both single and double cover.

Single Backplate

Skirting Cover Range

Talon Skirting Cover Range is a durable and attractive profile that enables pipework to be neatly covered.

Available with a custom designed pipe clip bracket arrangement, this easy to fit product also comes with a wide range of accessories.

Over Skirting Cover

Talon Over Skirting Cover is supplied in 2.5 or 3 metre lengths and is manufactured in extruded white uPVC. The quality grade material is rated to a UL94 V-0 Flame spread rating making it suitable in almost any application. The finish is resistant to both mild acids and alkalis and is easy to keep clean.

Where 15mm vertical pipe drops need to be covered Talon also offer a matching Pipe Cover (see Talon 15mm Double Cover on Page 29) that integrates with Skirting Cover using a T Connector see page 30.

Skirting Cover - Over

Please note 4 brackets are required per length of Skirting Cover.

Code	Height	Length	Pack Qty

Boiler Box Cover & Mini Trunking

Manufactured from the same quality uPVC as all other Talon profiles, Talon Boiler Box offers a neat solution where unsightly boiler pipework (or flues) need to be covered.

Boiler Box Cover

Talon's Boiler Box Cover range is the ideal solutions for concealing your boiler pipework and flues. Talon's Boiler Box Cover is made from the highest quality uPVC and is resistant to both acid and alkali substances.

It is supplied in a kit form and is easy to fit, trim and remove - making it suitable for any boiler replacement.

Not only is our Boiler Box Cover durable, it is also finished in a white gloss making it easy to clean and maintain, all of which saves you time and money.

- ✓ Easy to install
- ✓ Saves time and overall cost
- ✓ Deep gloss finish, easy to maintain
- ✓ Consistently smart uniform finish
- ✓ Removable for future maintenance to boiler
- ✓ Doesn't require multiple trades or on-site decoration
- ✓ Fits standard boiler sizes
- ✓ Resistant to both acids and alkalis
- ✓ Excellent weather resistance

Our Boiler Box cover is available in a range of sizes, overall dimensions of:

- 75mm deep x 400mm wide
- 150mm deep x 400mm wide
- 200mm deep x 400mm wide

Boiler Box Cover Kits

- Each Kit contains:
- 2 x right angle sections (cover sections)
 - 2 x Fixing Strips
 - 1 x Centre Joining Strip

Kit 1

Code	Depth		Width
CUB1/500	75mm	X	400mm
		Or	
	400mm	X	75mm

Kit 2

Code	Depth		Width
CUB2/500	150mm	X	400mm
		Or	
	400mm	X	150mm

Kit 3

Code	Depth		Width
CUB2/500	200mm	X	400mm
		Or	
	400mm	X	200mm

Flue Box Cover

Talon Boiler Flue Box Cover is ideal for covering exposed Boiler Flue Pipe.

Our range also includes a Flue Box Cover. Also made from the highest quality uPVC the Flue Box Cover is a simple, weather resistant, solution. Our cover meets all Gas Safe regulations and requirements with easy fitting and simple removal allowing quick access for a Gas Safe engineer.

Helping you to professionally complete jobs – faster

Boiler Flue Box Cover consists of two corner profiles, two fixing brackets, one joining strip and a stop end accessory.

Flue Box Cover		
Boiler Flue Box Cover measures 150mm wide x 200mm deep and is available in 2 metre lengths.

Fire Collars

Talon Intumescent Fire Collars are suitable for plastic pipes (UPVC, PP, PE and ABS) where they pass through fire resistant structures such as walls or floors. In the event of fire, an intumescent core within the collar rapidly expands to crush the heat softened pipe, sealing off the area, delaying fire spread and maintaining the fire integrity of the structural element.

2hr Fire Collars
Intumescent Fire Collars - 2 Hour Rating
Fire rating: tested to BS476 Part 20
for 2 Hour in vertical / horizontal application.
